

## **Career Planning Services**

Resources are available starting in the first year to assist students with exploring career interests, creating career documents, seeking internships, and growing personal professional networks. Office staff offer one-on-one sessions, workshops, seminars, and for-credit courses to work on résumé/cover letter writing, job search, interview preparation, career planning, graduate school applications, and professional communication.

Career Courses include: CAR 051 Choosing Majors and Careers, CAR 201 Navigating Internships, and CAR 301 Navigating College to Career.
